MOMENTUM
UPFLOW

Company Overview

Quantum Flow Inc.

We are on a mission to bring the hair and beauty world into the 22nd Century! We strive to use innovation and advanced technology to give women no fuss, time-saving, easy to use hair styling tools to leave hair, healthy, shiny and looking like they stepped right out of a salon!

Problem

- 55% of women lead hectic lifestyles.
- 65% prefer to style hair at home.
- No one has time for a two hour hair drying routine!
- There is no simple styling tool that gives consistent, salon quality hair results in half the time of standard hair dryers.

Solution

MOMENTUM
UPFLOW

The Momentum Dryer

A hooded hair dryer that makes it easy for women to achieve salon worthy results at home in half the time!

Note:

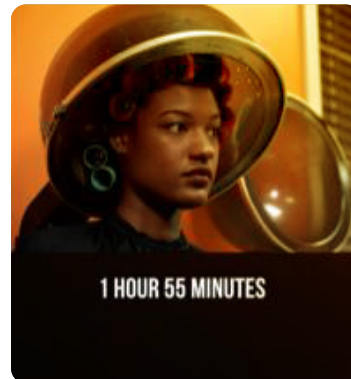

Results are based on consumer feedback from real users of the Momentum Dryer during beta testing!

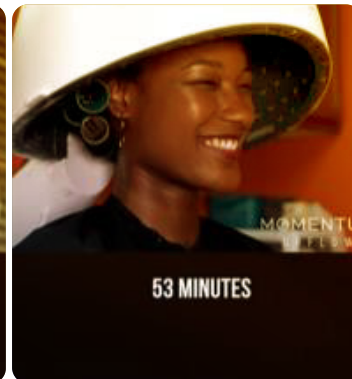

Salon Results
For All Hair Types

More Comfort
Less Heat Damage

Reduced Drying Time By 50-55%

Quantum Flow Inc.

Product

MOMENTUM
UPFLOW

1

We Use Patented Upflow Technology

It moves hot air and vapor in an controlled upwards direction mimicking evaporation

2

Powerful Drying

Our technology allows Powerful and even air flow to give faster drying time and consistently even hair drying results

3

Flexible Heat Settings

Comes with low, medium, and high heat settings for a more customized drying experience

Quantum Flow Inc.
